Description

Time4friends offers online peer counselling for young people. It is directed at boys and girls who have problems at school or at home, who are in a difficult relationship or who want to communicate something intimate.

Time4friends is operated by young people from all over Austria who support the inquiries. They work in teams and give their feedback by phone or email. If needed, they organise further counselling. For urgent cases here is also a free telephone hotline (0800 664 530) which operates daily between 18 and 22. In the past ten years, 18.000 young people have made use of this service.

Users must register at the website. After registration, they can ask questions to the time4friends peer consultants. The queries are anonymous, encrypted and can only be viewed by the quiz and the time4friends employees. The Red Cross organises meetings of all telephone assistants four times a year. They also participate in the five-day basic training, which takes place every summer.
